## Answer God's Call - Experience the Most Faith Growing, Challenging Summer Ever!

Teen Quest has designed an amazing Summer Mission Camp for teens and college students. You will walk into a community in need of the Gospel and ministering in love with various hands-on projects. Hands-on ministry will be in Johnstown's inner-city, *the Forgotten City* - poorest city in the state of Pennsylvania. Your mission begins at the Teen Quest Ranch for training. During your mission experience you will minister in nursing homes, children's homes and places where people meet. Work teams help to build, remodel, paint and fix up homes while ministry time is spent presenting drama and music and sharing your faith one-on-one. We will debrief at the Ranch before returning home to wrap up your mission experience, offering you all the tools you have learned to use to continue to reach a world for Christ.
